a fascinating exploration of the relationship between american culture and music as defined by musicians scholars and critics from around the world music has been the cornerstone of popular culture in the united states since the beginning of our nation s history from early immigrants sharing the sounds of their native lands to contemporary artists performing benefit concerts for social causes our country s musical expressions reflect where we as a people have been as well as our hope for the future this four volume encyclopedia examines music s influence on contemporary american life tracing historical connections over time music in american life an encyclopedia of the songs styles stars and stories that shaped our culture demonstrates the symbiotic relationship between this art form and our society entries include singers composers lyricists songs musical genres places instruments technologies music in films music in political realms and music shows on television

contemplating shostakovich marks an important new stage in the understanding of shostakovich and his working environment each chapter covers aspects of the composer s output in the context of his life and cultural milieu the contributions uncover outside stimuli behind shostakovich s works allowing the reader to perceive the motivations behind his artistic choices at the same time the nature of those choices offers insights into the workings of the larger world cultural social political that he inhabited thus his often ostensibly quirky

choices are revealed as responses by turns sentimental moving sardonic and angry to the particular conditions with all their absurdities and contradictions that he had to negotiate here we see the composer emerging from the role of tortured loner of older narratives into that of the gregarious and engaged member of his society that for better and worse characterized the everyday reality of his life this invaluable collection offers remarkable new insight in both depth and range into the nature of shostakovich s working circumstances and of his response to them the collection contains the seeds for a wide range of new directions in the study of shostakovich s works and the larger contexts of their creation and reception

100 pages of life music and the zen mind

this 1884 memoir of nineteenth century musical performance includes haweis views on the philosophy and history of music

first published in 2000 routledge is an imprint of taylor francis an informa company

hamish maccunn s career unfolded amidst the restructuring of british musical culture and the rewriting of the western european political landscape having risen to fame in the late 1880s with a string of scottish works maccunn further highlighted his caledonian background by cultivating a scottish artistic persona that defined him throughout his life his attempts to broaden his appeal ultimately failed this along with his difficult personality and a series of poor professional choices led to the slow demise of what began as a promising career as the first comprehensive study of maccunn s life the book illustrates how social and cultural situations as well as his personal relationships influenced his career while his fierce loyalty to his friends endeared him to influential people who helped him throughout his career his refusal of his royal college of music degree and his failure to complete early commissions assured him a difficult path drawing upon primary resources oates traces the development of maccunn s music chronologically juxtaposing his scottish and more cosmopolitan compositions within a discussion of his life and other professional activities this picture of maccunn and his music reveals on the one hand a talented composer who played a role in establishing national identity in british music and on the other a man who unwittingly sabotaged his own career
