one of the most controversial issues in our society today especially within evangelicalism is that of the creation evolution debate over the past few decades fundamentalist apologists like ken ham of the young earth creationist organization answers in genesis have made a career convincing people that the age of the earth and the historicity of genesis 1 11 are not just bedrock fundamental tenets of the christian faith but are also crucial fronts in the culture war in the heresy of ham joel edmund anderson convincingly shows that not only are the yecist claims of ken ham unbiblical and unscientific but they have sowed the seeds of strife and division within countless christian communities he should know he lost his job as a biblical worldview teacher at a small evangelical school over the issue of yecism anderson s ultimate message is simple regardless of your position regarding evolution or the interpretation of genesis 1 11 they are not fundamental to the christian faith and should not be used as battlefronts in the culture war if you have always had questions about the creation evolution debate the claims of yecism and the way genesis 1 11 should be interpreted the heresy of ham is a tremendous resource for anyone struggling coming to grips with these issues

our society faces a choice we could be enjoying a sustainable lifestyle but we have chosen not to in three generations we have consumed half the oil produced by photosynthesis over eight million generations in two generations we have used half our uranium resources with threats from global warming oil depletion and nuclear disaster we are running out of options solar power as keith barnham says is our necessary solution barnham explains that the roots of solar energy lie in a little known equation $E = hf$ an equation which was coincidentally celebrated and explained to the world by einstein in the same year he discovered $E = mc^2$ he alleges that the former equation has been overlooked in favor of the latter much to our detriment and barnham is here to offer us a solution we can still turn things around and solar energy is the key in this provocative inspiring passionately argued book keith barnham outlines actions that any one and all of us can take to make an impact now and on future generations the burning answer is a solar manifesto for the new climate aware generation and a must read for climate change skeptics
